

Box Planter includes two models. One of rectangular format of the same longitudinal dimension as the *Box 200* bench and a second square-sized planter of 100 cm side. Both are born to re-naturalize the city by formalizing linear aggregations of planters combined with *Box* benches, as well as in a timely manner as isolated planters.

Concrete | 📏 200 cm | ⚖️ 534 kg | 🗑️ 220 L

🔄 Update 10.03.2020

Modular

Box rectangular or square modular planters can be added laterally or longitudinally to all models of the *Box* bench collection.

Ecological

Environmentally-sustainable product with an external natural stone finish using local recycled aggregates and eco-labelling based on ISO 14201, in a formulation that replaces the use of natural aggregates. ECO-Grey® and ECO-Black®, with the CE marking and TÜV certificate.

Material

Moulded concrete and stripped finish with two recycled aggregate options: ECO-Grey® with recycled concrete aggregates for models manufactured in grey and ECO-Black® with aggregates from iron and steel slag with a high specific weight, an improved wear parameter and high resistance to freeze-thaw cycles.

Installation

Resting on the paving, and optionally anchored with two screws threaded through sleeves recessed in base. Sunken baseboard with sling mounting holes to facilitate transport and installation.

BOX PLANTER

1. Planter

Box Planter	Rectangular	Square
Dimensions	200 x 50 x 45 cm	100 x 100 x 45 cm
