

*Jules et Jim* are two versatile garden pot models that share a base, forming a bench beneath the shade of a tree. They can coexist as separate elements or live together in harmony as complementary elements, without conflict. *Jules* is more open and passionate, while *Jim* is stricter and more rational. Both plant pots-benches, with a volume capacity of 2400 litres, are suitable for planting species of an average height.

JULES et JIM

Javier Mariscal 2017

Escofet®

### Origin

*Jules et Jim* is the title of Truffaut's film which tells of the love triangle formed by *Jules and Jim* who are both madly in love with Catherine, who was introduced to them by a friend. The three plant pot models were installed in the public area of the Glorias Shopping Mall in Barcelona, in the hope that they will live together in harmony, sharing the public area for decades, just like the characters in the famous film that served to inspire their creator.

### Versatile

They serve the double function of bench and plant pot, albeit with different geometric and ergonomic characteristics.

### Material

Made from two superimposed pieces of UHPC concrete that are inserted into each other. Inner waterproofing coating breathable and flexible.

### Installation

They simply rest on the paving, with no need for anchors. Drainage in both plant pots is carried out through the opening hidden in the base with a diameter of 36 cm, without the need for any other drain.

# 1. Planter

Jues et Jim	Jules	Jim
<b>Dimensions</b>	205 x 224 x 80 cm	205 x 224 x 140 cm
<b>Weight</b>	1123 kg	1364 kg
<b>Capacity</b>	2435 L	2455 L

## 1.1 General features

<b>Material</b>	UHPC Concrete	<b>Fixing</b>	Free-standing
<b>Finish</b>	Etched and waterproofed		
<b>Waterproofing</b>	Inner breathable and flexible coating		

### Colours

UHPC GR. Grey

UHPC BL. White

UHPC BG. Beige

## 1.2 Installation system

### Hoisting

(W= 1123 kg / 1364 kg)

\* Necessary tool to move the top of the planter. Consult with the Escofet Technical Office.

### 1.3 Geometry

#### Jules

#### Jim

## Warranty

5 years in concrete elements.

The names, trade marks and industrial models of the products have been deposited in the corresponding registries. The technical information provided by Escofet about its products may be modified without prior notice.
